Elma and Howard Andre

Take a close look at the bar behind the Andres, we are currently using it as the buffet in the dining room!

The history of the site of Middle Road Inn dates back to the 1800's. Andre's Silver Star Hotel, owned and operated by Byron Andre, was a destination point on a coach stop to Pittsburgh. Travelers would stop to eat and drink in the pub and would then spend the night in the hotel which was later operated by Bill, Howard, and Elma Andre. The Andre family was active in the community, Elma served as judge of elections for several years and Howard was an active member of the Middle Road Fire Department. They were said to have always been there for their neighbors in times of trouble. For a short time in the early 1970's, the location became Stangl's Beer Garden. In the mid 1970's Blazek purchased the establishment, the hotel was no longer in operation. This is where the Blazek's raised their family. Not only did the family run the restaurant & pub, but also, in keeping with tradition of the site, Wilbert Blazek dispatched fire calls to the Middle Road Fire Department from that location. Many photos displayed in the restaurant show the site in it's early days... take a look!

In the late 1980's the restaurant was purchased by the Ferragonio family and operated under the name of Willees Tavern II, sister restaurant of Willees Tavern in Valencia. With the addition of a beautiful new dining room and updates to the restaurant including the construction of the stunning fireplace, outdoor dining area, and game room, we felt that the restaurant should have an identity to call its own, Middle Road Inn. The Inn still boasts of what we like to call our "Famous Fish Sandwich" whose recipe hails from Willees Tavern. The sandwich has been voted best fish in town and is a popular item on Lenten Fridays. We are delighted to serve you and we hope that you have an enjoyable experience here at Middle Road Inn!
